..... 20th January 1981.

Dear Mr. MacKay,

Many thanks for your letter. I am pleased to enclose the sketches for the Guide by Mrs. Tait for you and in the same envelope the transparency used for the front page of the cover of the Guide. You would probably want this back. We can repeat the printing at any time from the separations we hold. I am also arranging to send the Calendar transparencies by Registered Post to Mr. Graham Stewart in London. Let us hope that he looks after them.

Now that we have some snow for ski-ing it has brought out so many people into the hills that I think I will be taking my cross-country ski-ing quite seriously in future. We saw Bennachie featuring in a Grampian programme last week and was looking well.

Best Wishes.

Yours sincerely,
