Paisley
18th April 1940

Dear Mr & Mrs Reid,

Please excuse the tardiness of this letter, but, since our return home I have been so busy I really have not had time.

Let me begin by expressing our grateful thanks to you for the wonderful reception & hospitality shown to my brother & I, words are a very poor medium for expressing one's self, & we look forward to the day we may be able to return your hospitality, by that, I mean, should you be down this way, or, have any desire to have a week-end in Paisley at any time, my home & my brothers, at ~~South Street, Kenilworth,~~ Kenilworth, are at your disposal for as long as you wish, we are sincere in this invitation & hope you will some day accept it.

I am enclosing some photographs which you, Mr Reid, may be pleased to have, they have turned out not so bad

In closing, let me again thank you people for the wonderful kindness & ungrudging help extended to us, in what was not too pleasant a mission.

We obtained photographs of P.O. Cummings, grave at Grove Road Cemetery & with a model plane, made from the wood we brought home, (by a friend who makes a hobby of it) an exact replica & a very neat piece of work, have sent these on to Canada.

Again thanking you for your kindness.

Yours very Sincerely
Allan Stewart
