Date 15 April 1981

Dear James

I am glad to say that in the main the refurbishment of the Centre is now complete and we propose to unlock the doors on the morning of Friday 17 April.

Because it is a refurbishment and not a new Centre we are not proposing any "splash" or press coverage and the Bailies, via yourself, are the only people being informed of this opening.

I hope you like the new look Centre and will be delighted to hear any comments you have to make, both constructive and destructive - just so long as they are honest!

Wishing you and your good lady a happy Easter.

Yours sincerely

R J R Marnie  
District Officer
