Dear Helen

It was nice talking to you on the phone today, and I am so glad that things are improving for you. You have had a very sad and trying time and I do hope that the bad news is all behind you.

I attach two estimates from Simpson and James Ellis for your attention. I understand that there is a possibility of a third party doing the drainage work, and this of course will be alright with us so long as he does it to an acceptable standard. I think it would be wise to wait until you have a signed agreement to the use of the field for approximately ten years before going ahead with the drainage work. Once you have this I suggest the drainage contractor contact Mr Aitken and must insist that he carries out the work to Mr Aitken's satisfaction.

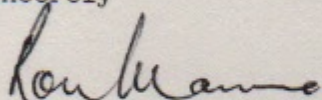

As you mentioned Mr Simpson may well send in a small account for the work he has done in connection with the estimate - shifting his machinery and carrying out test holes. These of course will be useful to the new contractor, so all is not lost.

I do hope the weather improves so that your convalescence

can speed up and be as short as possible. I am sure that temperature plays a big part in the body's recovery after an illness, as normally so much energy is diverted just to keeping the body temperature up. Sunny days ahead I hope.

I look forward to seeing you soon and hope all goes well for you from now on.

Sincerely

A handwritten signature in cursive script that reads "Ron Marnie". The signature is written in dark ink and is positioned below the word "Sincerely".

Ron Marnie
