Dear Mr Davidson

Thank you for your kind letter of 25 June 1986, with its invitation to say a few words at your Annual Rally.

I will be delighted to attend and do my best, and look forward very much to this, my first contact with your Rally.

Having never been before I would appreciate an indication of how "few words" you would like me to say. I would guess that something about three or four minutes would be ideal, but please advise me.

Yours sincerely

SThompson
