Dear Sir,

RESTORATION OF CROFT HOUSES CLOSE TO ESSON'S CAR PARK

As you know the felling programme for the Esson's part of Bennachie has dictated that the planned restoration of the croft house above the Clachie Burn has had to be delayed. I know that this will be particularly disappointing to you and to the squad of Employment Training workers who would have done the rebuilding.

I wonder if you and the Bailies consider that other work might be done, perhaps at the Essons colony, as an alternative. This might involve site clearance, some minor rebuilding and stabilisation work and on-site interpretation. In any event I am sure the Bailies would like to discuss the matter and I would be happy to take the matter further thereafter.

Yours faithfully,

A handwritten signature in cursive script that reads "A Carruthers".
