Dear Sir/Madam.

"LEISURELEND"

Thank you for your enquiry about our Leisurelend scheme. I have pleasure in enclosing the latest information regarding details of membership and the service provided. The membership of this popular initiative developed by the local authority has grown annually since its inception in 1991 and now provides an excellent service to 250 community groups. Should your group be eligible for membership and wish to join, the membership cost from 1st April 1999 to 31st March 2000 is £25.00

I hope your organisation will decide to benefit by becoming a registered Leisurelend member and that this innovative and efficient service will prove to be an important addition to your organisations activities.

Additions to the range of equipment in Leisurelend will continue to be made and a current list is included giving details of all items available now through the service.

A popular resource within Leisurelend is the Leisuremobile (an event vehicle). This tremendously versatile resource with powerful public address system will act as a prestigious and extremely practical focal point at events throughout the area. More information regarding the Leisuremobile is included. Unlike all other Leisurelend items the Leisuremobile carries a hire charge of £65.00. This has been held down to a modest level for Leisurelend members.

Please note that the Leisurelend scheme operates from:

We look forward to assisting your group
